What's New at Wooster School? QUITE A LOT!

We have a new 8th grade. Wooster is now a coeducational day school for grades 8-12, a boarding school for boys grades 9-12, 5-day or 7-day week, according to necessity.

We have facilities for girls to spend an occasional night at Wooster, under the supervision of a dormitory mistress.

We have two new deans.

We have a new ski slope, with a rope tow.

Most important of all novelties for the coming year is the introduction of a totally revised curriculum. This will offer students a vastly broader and deeper range of choice of courses in all phases of academic studies.

BUT WE HAVE RETAINED ALL THAT WAS GOOD ABOUT THE OLD WOOSTER:

The facilities of the Wooster Community Art Center.

The unique Year in France Program (available only to students who have spent a full year at Wooster).

The Wooster way of life: a genuinely cosmopolitan community of individuals, instructors and students alike, who are concerned for each other and for the shape of the future. Wooster is a caring place.
